

# How to Bathe Your Pet: A Step-by-Step Guide

Keeping your pet clean and healthy is essential for their well-being. Bathing not only removes dirt and odors but also helps to maintain a healthy coat and skin. Follow this easy guide to ensure a stress-free and effective bath time for both you and your pet.

**1**

## **Wet Thoroughly:**

Completely wet your pet's coat with water.

**2**

## **Apply Shampoo:**

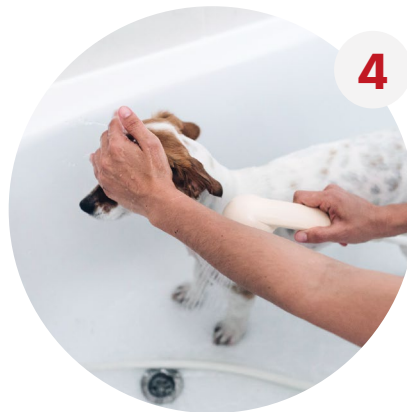

Use a quarter-sized amount of shampoo for every two hands of your pet's body surface area. Adjust the amount as needed based on coat length. *\*Avoid contact with eyes.\**

**3**

## **Massage:**

Gently massage the shampoo into your pet's coat, making sure to work it down to the skin. Leave the shampoo on for 10 minutes.

**4**

## **Rinse:**

Thoroughly rinse your pet with cool water until all shampoo is removed.

**5**

## **Optional Conditioning:**

If desired, follow up with **DermRestore Ceramide Conditioner** for extra softness and moisture.

**6**

## **Dry:**

Dry your pet well with a towel.
